# ALEX MOCHU

Nairobi, Kenya • +254743415785 • mochualex4@gmail.com • linkedin.com/in/alex-mochu • github.com/alexmochu

## SUMMARY

Fullstack Software Engineer with over 8 years of experience, using React, TypeScript, Node, and Python. Specializes in transforming UI/UX designs and API endpoints into user centric web applications. Recently worked on deploying Ethereum smart contracts and server-side development for a project with a team of 15, using React, Node, TypeScript, GraphQL, GCP, and Solidity. Previously engaged in a Next.js + GraphQL project handling 10,000+ users. Enjoys deep project analysis and turning designs into functional applications.

## PROFESSIONAL EXPERIENCE

**Athena**, Nairobi & San Juan, Puerto Rico & Kenya(Remote) Jan 2024 – Present
**Engineering manager**

- Launched and co-ordinated mentorship to a team of six engineers, professional development guiding and fostering a collaborative atmosphere.
- Recruited and hired 4 new engineers raising the team capacity by 150%.
- Implemented agile process management and facilitated regular team ceremonies to enhance collaboration and productivity within the team.
- Improved technology team processes, ensuring efficient delivery and execution of projects.

**Kejani Garage**, Nairobi, Kenya(Remote) Nov 2022 – Present
**Founder & Senior FullStack Software Engineer**

- Mentored 23 team members in JavaScript and Python, managing a team of 4 and enhancing software engineering capabilities.
- Launched a Chrome Web Store extension for a full-stack project, using React and Python, with 100+ users since September 2023.
- Directed the development of a debt collection system with React and Python, which boosted recovery rates and slashed collection time by 40%.
- Led creation of an enterprise redemption app using React and Node.js (Strapi), optimizing user experience and operational effectiveness.

**ScalingFunds**, Berlin, Germany(Remote/Onsite) Feb 2022 – Jun 2023
**Fullstack Software Engineer & Support Engineer**

- Established in-house end-to-end testing, reducing post-release issues by 40% and saving thousands monthly.
- Identified and reported software defects, reducing bug resolution time by 25% and enhancing team productivity across 2 engineering teams.
- Collaborated with stakeholders to design in house complex software solutions, decreasing development costs by 35% and improving delivery timelines by 30%.
- Streamlined client onboarding, cutting launch time by 50% and increasing client acquisition rate by 50%.

**Emgage**, San Francisco, CA(Remote) Dec 2020 – Feb 2022
**Senior Frontend Engineer & Squad Lead**

- Designed and developed new widgets for a drag-and-drop website builder, enhancing user experience and platform capabilities.
- Optimized Azure for deploying new features, upgrades, and fixes, enhancing scalability and reliability.

- Incorporated user feedback to enhance product integrations based on user needs.
- Demonstrated leadership as Squad Lead, managing team performance and project outcomes.

**Andela**, Nairobi & NY, USA & Kenya(Onsite/Remote) Apr 2018 – Aug 2020
**Software Engineer & Assistant Learning Facilitator**

- Key contributor to Andela Societies MVP release and Version 1 deployment, translating designs and wireframes into functional implementations.
- Enhanced product reliability and user experience by working with asynchronous APIs (sagas).
- Improved learning initiatives as a PREN Learning Facilitator Assistant during Bootcamps in Nairobi and Kigali.
- Demonstrated technical versatility by developing backend technologies with Python (Django/Flask) and Node (Express/Koa), ensuring platform robustness and scalability.

## EDUCATION

**Kenyatta University,** Nairobi, Kenya Jun 2012 - Dec 2016
Bachelor of Science in Economics (with Minor in Finance).

## SKILLS

JavaScript(Typescript), Python, HTM/CSS, Solidity, SQL, React, Redux, Rest API, GraphQL, Node, Flask, Bubble.io, Ethereum, Debugging, Agile process management, API development, Cloud services, Zapier, Strapi.js, Amazon Web Services (AWS), Google Cloud Platform(GCP), Coaching/Mentoring, Software Consulting, Bootstrap, TailwindCSS, Software As A Service(SAAS), Hubspot, MicroServices, Jira, Notion, Asana, Airtable, Feathery.io
